4th Annual Golf Tournament for Matthew

Saturday, October 19, 2013 • Timacuan Golf Club, Lake Mary, Florida • 407-321-0010

MATTHEW'S STORY

Matthew Walker is the son of Jonathan & Cynthia Walker of Heathrow, Florida. He is one of three children, Morgan who is 9 years old & Adam 5 years old. Matthew is a 7 years old who is 1 of approximately 35 known males in the world born with a rare neuronal migration disorder of the brain called Subcortical Band Heterotopia. This disorder is one in which the white and grey matter of Matthew's brain are disorganized causing the communication pathways of the brain to be challenged, therefore causing significant impairment in his physical and cognitive abilities. Matthew is unable to walk or speak and is dependent upon his family and professionals to complete his daily activities and living skills. Under the care of Dr. Ronald Davis of Pediatric Neurology, P.A. and Pediatric Epilepsy Center of Central Florida and Dr. Miles Landis of Lake Mary Pediatrics Matthew has overcome many challenges this past year. Many thanks for the ongoing support of these professionals and staff. Matthew has recently been diagnosed with Lennox-Gastaut Syndrome which is a form of epilepsy. This was brought on by his ongoing medical condition. Frequently, Matthew will experience multiple head dropping events that are currently being controlled by changes to his medication regimen. Matthew's condition and current prognosis is that he will live well into his adult years. He is currently enrolled at Wicklow Elementary of Sanford Florida who have the facility and professionals trained in speech, occupational and physical therapies to help Matthew reach his potential. Many thanks to our friends at Wicklow and Seminole County Schools! Through his therapy sessions, he is making great strides but still Matthew requires assistance with feeding, toileting and bathing which require special facilities for simple tasks that are often taken for granted. A Special Needs Trust has been established for Matthew's on-going and future therapies, medication and specialized equipment he requires.

Last year's event was a great success! Special thanks to the following and the countless organizations, families and friends that have given their hearts out to Matthew:
