

RARE Drug Development Symposium

A partnership of Penn Medicine Orphan Disease Center and Global Genes

RARE DRUG DEVELOPMENT SYMPOSIUM

Global Genes and the University of Pennsylvania Orphan Disease Center (ODC) have announced the fourth annual Patient Symposium, in conjunction with UPenn's Million Dollar Bike Ride (MDBR). The Symposium has been developed for patient advocates to learn, connect and be inspired. Attendees do not need to be affiliated with the MDBR and all rare patient, advocates and stakeholders are welcome to attend!
