POSTER PRESENTATIONS

For poster presentation opportunities, please contact the Global Genes event team, events@globalgenes.org

- Presenters must register for symposium
- Presentations will be during the Thursday night reception and all day Friday
- Submission topic areas are innovative research, innovative partnerships, collaborative relationships, advances in medicine, registry support programs, and natural history studies
- Abstracts and application deadline is April 2020
- Presenters are invited to a poster presentation online training series (April-May)
- Eligible presenters include academics, researchers, industry, government agencies, healthcare professionals, and patient organizations
- Display boards are freestanding with a surface that will allow push pins to secure posters
- Poster Presentations should fit on a 4'Hx6'W poster board
