Step 5: Verify Email Address in Your Inbox

Verify your email address

Hi there,

Thank you for registering on cmeuniversity.com.

Please verify your email address using the below link. The link can be used only one time and will expire in 2 hours

[Verify Me](#)

How it works?

This secure, one-time URL lets you confirm your identity without a password. If you already have a password, this won't replace it, so you can still sign in with it later.

If you didn't request this verification link, you can safely ignore this email.

Activity Description

This seven-module rare disease curriculum is designed to equip healthcare professionals with foundational and applied knowledge across the full rare disease landscape. Delivered asynchronously online, the curriculum ensures equitable access across diverse care settings and professional schedules. Each module features clearly defined learning objectives, culturally appropriate content and design, and a corresponding knowledge check to validate comprehension.
