

ZEBRA TALES

Print and cut this tail and pin it to your tail when you go out in public.

If anyone mentions your tail, tell your tale. **Do a zebra dazzle dance.**

Shout out loud that you care about rare, you're here to advocate for rare diseases, and tell them why.

NEXT: Tell us how it went.
Did you attract a crowd? Did you get photos or video of you and your tail/tale that you can share with us?

THEN: Consider tagging a friend, by pinning the tail on them and giving them the instruction card.
